PSHE Curriculum

Caring-Believing-Achieving

INTENT

The intent of our PSHE curriculum is to deliver a curriculum which is accessible to all and enables our children to become healthy, independent, and responsible members of society. It aims to help them understand how they are developing personally and socially, and tackles many of the moral, social and cultural issues that are part of growing up. We provide our children with opportunities for them to learn about rights and responsibilities and appreciate what it means to be a member of a diverse society. Our children are encouraged to develop their sense of self-worth by playing a positive role in contributing to PSHE lessons, school life and the wider community.

The curriculum will demonstrate appropriate subject knowledge, skills and understanding to fulfil the duties of the Relations Education (RE), Relationship and Sex Education (RSE) and Health Education (HE).
