

I can count in steps of 2 from any given number.

I can compare and order numbers up to 100 using
< > =

I can read and write all numbers up to 100.

I can recognise odd and even numbers up to 100.

I know by heart all pairs of numbers with a total of 20.

I can partition two digit numbers into tens and ones and say the value of each digit.

$$45 = 40 \text{ and } 5$$

I can say what is 1 more or less than a number up to 100.

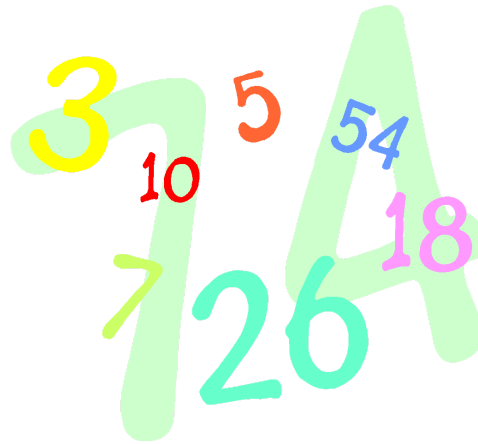

I can recall + and - facts for any number up to 20.

$$11 + 4 = 15 \quad 16 - 3 = 13$$

I can count in steps of 3 from zero.

I know by heart the pairs of multiples of 10 which make 100.

$$70 + 30 \quad 40 + 60$$

I can...
